1. In November 1950, firing with different kinds of weapons was practiced at the Sakalaz (R 16/T 31) firing range, 10 km west of Timisoara (R 16/T 91) in connection with eight trainers, stationed at the Timisoara-Mosnita airfield. *
- 25X1A * Comment. To date, the field has not been known to be occupied by a military unit. Air force artillery observers are apparently trained during the flights observed. According to Rumanian press reports of May 1950, the field is to be speedily improved.
